70 bpm / N+5 (F)

Baslijn

Akkoorden

## Intro

## Verse 1

I watch you while you sleep so safe and peacefully  
My bags are packed to go, I'm leaving silently  
We tried to make things work, I needed room to breathe  
You gave me all you had, and now you're blaming me

## Chorus 1

One look of you, enough to make me smile  
One touch of you, enough to make me warm inside  
One word of you, enough to make me feel our love  
This love was meant to be  
It's no longer what I see

## Verse 2

Now I feel all that has faded, life has greyed the colours out  
It's over, we have played whatever this game is all about  
Never wanted to get used to you, wanted to feel as new  
When you first held my hand, nothing ever felt more true

## Chorus 2

One look of you, enough to make me shrink  
One touch of you, so much colder than before  
One word of you, enough to make me mad  
Our fights and silence make me sad  
We lost what we had

We have forgotten the words for love
